

Disasters can strike without warning. **Are you ready to evacuate your family without notice?** The **LSDS Kid Carry Kit** is a custom-built pint-sized emergency “go bag” filled with safety and comfort items to assist in the potentially unsettling changes to routine that occur as part of an evacuation. Modeled on our **24 Hour Egress Bag** and modifiable for all ages, this kit contains everything your child needs to be prepared should a natural or man-made disaster require you to evacuate.

# KID CARRY KIT

## HOW IT WORKS

### STEP

1

#### Intake Call with LDS

The personalization process begins with an in-depth intake call with one of our specialists to determine your specific Kid Carry Kit requirements - individual medical concerns, allergies, bag sizing, geographic location, environmental factors, special comfort items, and any other impacting factors.

### STEP

2

#### Customized Kid Carry Kit Build

- ▶ One of our subject matter experts reviews your intake information and digitally builds a customized kit for you based on your specific requirements.
- ▶ Building a Kid Carry Kit is a team effort, so we'll provide updates and request your input throughout the process. If an item isn't exactly what you want or need, we'll exchange it until it is perfect.
- ▶ Once the kit construction is complete, we'll submit it to you with an invoice for final approval prior to procuring the items. Upon approval, our team will get to work procuring items and prepping them for use.

### STEP

3

#### Delivery & Kit Introduction

- ▶ Once all items have been received, your Kid Carry Kit will be professionally packed and shipped directly to your door.
- ▶ Each kit is 100% ready to use immediately upon delivery, with no assembly required.
- ▶ Once your Kid's Carry Kit has arrived, one of our subject matter experts will schedule a call with you to review the contents of the kit and best practices for use.
